

The Lincoln Christian University counseling program for 2021-2022 averaged 60 students with an average of 47 Full Time Equivalency students. Class sizes tend to run about 12 students per class with emphasis on a face- to- face learning environment. The student body is composed of multiple ethnic backgrounds with a higher ratio of females to males in the program.

Based on the 2021-2022 school year there were 15 graduates of Lincoln Christian University's Clinical Mental Health Counseling program. Scores reported to the school indicate our students achieve high pass rates on the licensing examination. The pass rate for graduates taking the NCE since graduation is 100% of those responding to our graduate survey. One hundred percent of those graduates who responded to the graduate survey who actively sought jobs are now employed in counseling. Each student may take five years or more to complete the program and of those graduating from the MAC program since 2017, 92% (71 out of 77) of the graduates completed the program in 5 years or less.
